Registration:

Please RSVP your attendance by emailing
Lucy Middendorf: lucy@wanakastone.co.nz

This technical meeting is brought to you by
The AusIMM New Zealand Branch and is worth
1 PD hour

Dave Bellett, Deputy Chief Inspector - Extractives High Hazard Unit will be presenting on Health and Safety legislation, CoCs, Continuing Professional Development and the future direction of Worksafe High Hazards Unit.

Dave was the lead investigator on the Pike River Mine investigation, has been an inspector for 23 years and working in the extractives industry for over 10 years.

Email through any questions or issues you would like covered in this meeting to lucy@wanakastone.co.nz and I will pass it on to Dave Bellett for inclusion in his presentation. There will be an opportunity for question and answers after his presentation also.

Please RSVP if you will be attending to assist with catering. Also pass this information on to anyone with an interest who may be keen to come. This group has been formed to encourage anyone involved in mining or quarrying to collaborate, network and share ideas.
