

NELSON GEOLOGICAL DISCUSSION GROUP – AUGUST

'Enjoying learning from each other'

Friday 18 August 2017

Fast Facts

Discussion Leader/Presenter:
Chris Castle

What:
The Chatham Rock Phosphate Experience

When:
5pm Friday 18 August

Where:
Meeting Room
544 Waimea Road
Annesbrook
NELSON
Carol Foote on 03 548 1707 or
CFoote@golder.co.nz for further information

Parking:
Corner of Waimea and Quarantine Roads

Cost: free for all. Includes drinks and finger food

Our Discussion Group Welcomes all persons with engineering, geotechnical, general geoscience and environmental interests. Meetings are normally held on the second Friday of each month from 5pm. We learn from each other through relaxed and facilitated discussion in-the-round.

Future Meetings:

September 15: Dave Crow "Tectonically driven fluid flow and gold mineralisation"

October 13: Mark Rattenbury
"Marlborough/South Nelson Aeromagnetic Survey"

The Nelson Geological Discussion Group series is brought to you by local geoscientists and engineers supported and funded by local professional enterprises, individuals and the AusIMM and is worth 2 PD hours

Conveners: John Dow FAusIMM(CP)
James Macdonald (FSEG)

The Chatham Rock Phosphate Experience

Speaker: Chris Castle

Sponsored by AusIMM

Chris Castle will discuss Chatham Rock Phosphate's Chatham Rise Project. Chatham Rock Phosphate aims to be the premier supplier of direct application phosphate to the New Zealand and global agricultural sector. The company aims to:

- Achieve consent of the Chatham Rise project and develop the asset
- Diversify the product mix to include other phosphate resources
- Maintain involvement at the forefront of the marine minerals sector to leverage expertise as a project pioneer
- Develop a pathway for CRP products for the agricultural and retail sectors

Chris Castle is the Founder and CEO of Chatham Rock Phosphate (TSX.V, NZAX, Frankfurt). He is also managing director of associate company Aorere Resources Limited, whose business is the seed capital financing and subsequently listing of early stage resource projects. He has been an independent director (since 2000) of Vietnam based Asian Mineral Resources Limited (TSX.V) and was both a director and chairman of King Solomon Mines (ASX) based in Inner Mongolia. He has been involved in minerals projects since 1975. His mining and mineral exploration background includes projects with Amoil NZ, Kanieri Gold Dredging, Vaaldiam Resources, and Australian Anglo-American. Chris is a chartered accountant with more than 40 years' experience in investment and corporate finance. In the 1980s he was a founding director of Spectrum Resources and Premier Mining Securities and has held directorships in ten (small) NZX listed companies. Other interests include community projects in Golden Bay, golf and motorsport.
