

# The AusIMM International Uranium Conference 2010

## The Decade for Development

16 – 17 June 2010, Adelaide Convention Centre, Adelaide, South Australia

Principal Sponsor

### The Conference

As the demand for uranium and new sources of clean and greenhouse friendly energy increases, the next International Uranium Conference will continue to build upon The AusIMM's hugely successful series that have been held over the past four years.

The AusIMM International Uranium Conference for 2010 will include a two day technical program, open day, workshops and technical tours to South Australian sites, and much more.

For a taste of what this conference offers please log onto the website at <http://www.ausimm.com.au/Content/default.aspx?ID=337> to view the Podcasts from the 2009 event.

### Workshops

- **Pre-Conference Course**

**So You Want To Find Uranium** – 15 June 2010

- **Post-Conference Workshop**

**In Situ Leach Workshop** – 18 June 2010

For further workshop information and updates please visit the Conference website at: <http://www.ausimm.com.au/uranium2010/workshop.asp>

### Technical Tours

Pre- and post-conference tours will be offered to available South Australian sites, please refer to the conference website via:

[www.ausimm.com/uranium2010](http://www.ausimm.com/uranium2010) for further information and updates.
